

Asmi Mishra

Pensacola, FL 32503 | asmimishra05@gmail.com | (850) 266-4329 | linkedin.com/in/asmi-mishra-b178762aa/

PROFESSIONAL SUMMARY

Computer Science and Cybersecurity double-degree student with experience in ML-based intrusion detection, network traffic analysis, and AI security research. Author of two peer-reviewed publications. Active leader in cybersecurity clubs and national competitions.

EDUCATION

University of West Florida

B.S. Computer Science, B.S. Cybersecurity, Minor in Honors Pathway. Dean's List, President's List, Kaplan Test Prep Scholarship (2025).

Pensacola, FL

May 2027

International Baccalaureate Diploma (IBDP)

May 2023

EXPERIENCE

Computer Science Teaching Assistant

University of West Florida

August 2025 – May 2026

Pensacola, FL

- Graded programming assignments and provided written feedback to undergraduate students in CS courses.

PROJECTS

Unsupervised Intrusion Detection Using K-Means and BIRCH Clustering

- Developed unsupervised ML clustering models for anomaly detection using network traffic logs from UWF Zeek Data.

AI-Driven Cybersecurity: Capabilities, Techniques, Use Cases, Impacts, and Challenges

- Reviewed AI applications in cybersecurity, covering generative AI, LLMs, cyber-physical systems, and ethical implications; published in a peer-reviewed journal.

ACTIVITIES & LEADERSHIP

UWF Robotics Club, UWF WiCyS (Women in Cybersecurity)

Secretary

- Coordinated reservations, logistics, workshops, and event planning for club activities.

UWF ISA

Vice President

- Led event planning, communications, and social media; organized cultural and networking events.

Keep Pensacola Beautiful

Youth Advisory Council Member

- Organized beach cleanups, fundraising initiatives, and community events; coordinated a fundraising trivia event.

SKILLS

Languages: Python, Java, C++, SQL

Tools and Platforms: Wireshark, Zeek Logs, scikit-learn, Git, Linux, VS Code

Concepts: Machine Learning, Unsupervised Learning, Anomaly Detection, Operating Systems, Network Traffic Analysis
